

IMPLEMENTATION OF NDC AND TRANSPARENCY INITIATIVES IN THE PHILIPPINES

Presented by :

Albert Altarejos MAGALANG

Climate Change Office, Department of Environment & Natural Resources

The Philippines

Progress Towards NDC Implementation:

- ▶ Conduct of multi-stakeholder consultation on the NDC
- ▶ Revisiting the parameters of the mitigation options identified in the INDC through the Cost-Benefit Analysis
- ▶ Policy dialogues to identify bottlenecks in NDC implementation in the sectors

NDC Roadmap

Revisit

- INDC assumptions and parameters
- MRV Framework (NICCDIES)
- EO 174 Implementation

Reconstruct

- Calculations, assumptions and methodologies
- Setting up the institutional arrangements
- MRV system improvements
- Integrate in development and sectoral plans
- Identify legislative policies
- Private Sector engagement
- Sub-national level activities

Report

- 1st NDC
- Update NDCs every 5 years
- Robust MRV system

In parallel with the Ratification Process of the Paris Agreement

Views on Transparency

- ▶ there will be an assessment – real, meaningful data
- ▶ NDCs linked to transparency
- ▶ enhanced transparency framework
- ▶ different flexibilities ---- different capacities

Thank you.
