-- Ethiopia: Introduction of Biomass CHP Plant in Flooring Factory [Pacific Consultants CO., Ltd.]  
--

JCM's first biomass project has been launched in Ethiopia rich in bamboo.

A bamboo flooring plant is under construction at the Hawassa Industrial Park located about 270km south from Addis Ababa, the capital of Ethiopia - this new plant starting its operation in 2019 will be equipped with a biomass co-generation system which recycles...

-- The JCM credits, 439t-CO2, were issued for the projects between Viet Nam and Japan. --

<<JCM project from which the JCM credits were issued>>

- VN001 Eco-Driving by Utilizing Digital Tachograph System

Eco-drive promotion system using digital tachographs applied to 130 trucks in use, and contributing with an efficient and clean operation

The credits, 288 t-CO<sub>2</sub> for 11 months, were issued.

- VN004 Introduction of amorphous high efficiency transformers in power distribution systems in the southern part of Viet Nam

Installation of 1,618 amorphous high efficiency transformers in transmission and distribution networks of southern Viet Nam

The credits, 151 t-CO<sub>2</sub> for 3 months, were issued.

The project information is available at:

<https://www.jcm.go.jp/vn-jp/projects/issues>

The information on recent development in Viet Nam is available at:
