= Announcement of Japan Pavilion Side Events on the JCM at the COP20/CMP10

-- Announcement of Japan Pavilion Side Events on the JCM at the COP20/CMP10--

We are delighted to inform you that the “Japan Pavilion” will host a variety of side events on the Joint Crediting Mechanisms (JCM) as follows.

Please visit the “Japan Pavilion” and get the latest information in relation to initiatives from Japanese organizations.

The information (agenda, presentation materials, and reports) on the side events is available at:

http://www.mmechanisms.org/e/cop20_japanpavilion/

-- Dec 2 (Tue) --

13:30-14:30 “City-wide Mitigation Project Development in HCMC, Vietnam and Vientiane, Lao PDR Utilizing the Joint Crediting Mechanism (JCM)”

Organizer: Global Environment Centre Foundation (GEC)

Outline: The event will present the city-wide mitigation project development under the JCM (Joint Crediting Mechanism), by showing programmes of city-to-city cooperation (cooperation between Ho Chi Minh City (Vietnam) and Osaka City (Japan), and cooperation between Vientiane Capital (Lao PDR) and Kyoto City (Japan)). For these programme, host country representatives will present their perspectives and expectations.

-- Dec 3 (Wed) --

15:00-16:30 "Large Scale JCM Feasibility Studies in Angkor and Siem Reap City in Cambodia, and Ulaanbaatar City in Mongolia"

Organizer: Overseas Environmental Cooperation Center, Japan (OECC)

Outline: The event introduces Large Scale Joint Crediting Mechanism (JCM) Feasibility Studies conducted at Siem Reap City and Ulaanbaatar City:

1) "Study on Developing Environmentally and Culturally Sustainable Cities through the JCM at Siem Reap (Angkor Park and Siem Reap City)"

2) "Study on the Development of JCM Projects for Comprehensive Improvements in the Power Generation, Transmission and Distribution Systems in Ulaanbaatar City and on the Possibility of Nationwide Horizontal Application of the Same Improvement Model in Mongolia."

The agenda is available at:

http://www.mmechanisms.org/e/cop20_japanpavilion/files/20141203_1500_agenda.pdf

-- Dec 4 (Thu) --

15:00-16:30 "Contribution of Japan's Remote Sensing Technology to REDD+/JCM MRV"

Organizers: Remote Sensing Technology Center of Japan (RESTEC), Forestry and Forest Products Research Institute of Japan (FFPRI), Japan International Cooperation Agency (JICA), and Japan Aerospace Exploration Agency (JAXA)

Outline: The event introduces the contribution of Japan's state-of-the-art remote sensing technology to REDD+/JCM MRV (Measurement, Reporting and Verification).

Especially, in this event, we will systematically introduce expectations for remote sensing technology, Japan's remote sensing technology to meet such expectations, and the case studies for the audience who might not be familiar with remote sensing technology.

-- Dec 6 (Sat) –

15:00-15:45 “Reporting session for activities toward low carbon island in Republic of Palau”

Organizer: AMITA Institute for Sustainable Economies Co.,Ltd. (AISE)

Outline: Reporting various activities toward low carbon island in Republic of Palau.
Especially, we focuses the progress of the feasibility study for "Comprehensive resource circulation system" which is conducted by AISE.

-- Dec 9 (Tue) –

13:00-14:30 “Low-Carbon Project Development in Surabaya City, Indonesia using JCM through City-to-City Cooperation with Kitakyushu City, Japan”

Organizer: Institute for Global Environmental Strategies (IGES)

Outline: Introducing how low-carbon projects are being developed in Surabaya City using JCM scheme under the city-to-city cooperation framework with Kitakyushu City

17:00-17:45 “Development of Joint Crediting Mechanism (JCM) Model Projects and its Methodologies”

Organizer: Global Environment Centre Foundation (GEC)

Outline: This event introduces the overview of the Joint Crediting Mechanism (JCM) and recent development of Financing Programme for JCM Model Projects and Feasibility Study Programme for JCM Projects.

The first JCM project was registered this October by the Joint Committee between Indonesia and Japan using these support programmes. The project participant of this project will

present the knowledge and experience of JCM methodology development and JCM project registration.

The agenda is available at:

http://www.mmechanisms.org/e/cop20_japanpavilion/files/20141209_1700_agenda.pdf

-- Dec 10 (Wed) --

10:00-11:30 “The roles of low-carbon technology demonstration and deployment for low-carbon growth”

Organizers: New Energy and Industrial Technology Development Organization(NEDO), and United Nations Industrial Development Organization (UNIDO)

Outline: Experiences of NEDO and UNIDO are presented for the realization of low carbon growth through the energy and environment technology demonstration and deployment, including the utilization of JCM (Joint Crediting Mechanism). In addition, discussion will be made among the participants regarding the contribution of technologies and their implementation to the projects aiming at low carbon growth.

17:00-17:40 JCM High-level Roundtable (P)

Organizer: Government of Japan

Outline: to be announced soon
