- = Updated: Designation of the TPE (Mongolia)

-- The Joint Committee (Japan and Palau) approved a JCM project --

It is an honor to inform you that the first JCM (Joint Crediting Mechanism) project was approved in the Republic of Palau on April 21st, 2015. The Republic of Palau is the second country after Indonesia that a JCM Project has been registered. Currently there are three and one JCM Projects approved in Indonesia and Palau respectively.

Project title: Small scale solar power plants for commercial facilities in island states

The project information is available at:

<http://www.mmechanisms.org/e/initiatives/project.html>

The information on recent development in Palau is available at:

<http://www.mmechanisms.org/e/initiatives/palau.html>

-- The Joint Committee (Japan and Viet Nam) approved 3 JCM methodologies --

VN_AM001: Transportation energy efficiency activities by installing digital tachograph systems

VN_AM002: Introduction of Room Air Conditioners Equipped with Inverters

VN_AM003: Improving the energy efficiency of commercial buildings by utilization of high efficiency equipment

The information on approved methodologies is available at:

<http://www.mmechanisms.org/e/initiatives/methodology.html>

-- Updated: The Relevant information for the JCM between Japan and Mongolia --

The Relevant information for the JCM between Japan and Mongolia has been updated.

The information of rules and guidelines, methodologies, the Joint Committee and third-parties entities (TPEs) for the JCM between Japan and Mongolia is available on the JCM website <https://www.jcm.go.jp/mn-jp> .
